

## 2023 Aeromed Learning Hub - Program

Time	Location: RFDS				Location: RRAS/MEDSTAR			
0900 - 0930	Pilot Sim – Scenario 01	Pilot Skills – BLS for non-clinicians	Neo skills 1 – Babies <1.5kg tricks and tips for generalists	Scenario – Fixed wing double carry deterioration	Airway skills - Awake fiberoptic intubation	Trauma skill – amputation for extrication	Rotary skill – in flight arrest	Paediatric skill – packaging pearls
0935 - 1005	Pilot Sim – Scenario 02		Neo skills 1 – Babies <1.5kg tricks and tips for generalists	Scenario – Fixed wing double carry deterioration	Airway skills - Awake fiberoptic intubation	Trauma skill – amputation for extrication	Rotary skill – in flight arrest	Paediatric skill – packaging pearls
1010 - 1040	Pilot Sim – Scenario 01	Pilot Skills – BLS for non-clinicians	Neo skills 2- Packaging Babies for Generalists	Scenario – Fixed wing birth in flight	Airway skills - Awake fiberoptic intubation	Trauma skill – amputation for extrication	Rotary skill – in flight arrest	Paediatric skill – packaging pearls
1045 - 1115	Pilot Sim – Scenario 02		Neo skills 2- Packaging Babies for Generalists	Scenario – Fixed wing birth in flight	Airway skills - Awake fiberoptic intubation	Trauma skill – amputation for extrication	Rotary skill – in flight arrest	Paediatric skill – packaging pearls
1115 - 1135	MORNING TEA							
1135 - 1205	Pilot Sim – Scenario 03	Pilot Skills – Supporting ALS for aircrew	Paeds Skills 1 – Packaging Children for Generalists	Obstetric skills – obstructed labor	Prehospital Skills – bariatric hoarder arrest	Extrication Skills – upside down car	Rotary sim – A human factors scenario	Paediatric skill – Ventilation tricks and tips
1210 - 1240	Pilot Sim – Scenario 03	Pilot Skills – Supporting ALS for aircrew	Paeds Skills 1 – Packaging Children for Generalists	Obstetric skills – obstructed labor	Prehospital Skills – bariatric hoarder arrest	Extrication Skills – upside down car	Rotary sim – A human factors scenario	Paediatric skill – Ventilation tricks and tips
1245 - 1315	Pilot Sim – Scenario 04	Critical Comms for Aviation Crews	Neo skills 1 – Babies <1.5kg tricks and tips for generalists	Scenario – Fixed wing double carry deterioration	Prehospital Skills – bariatric hoarder arrest	Extrication Skills – upside down car	Rotary sim – A human factors scenario	Paediatric skill – Ventilation tricks and tips
1320 - 1350	Pilot Sim – Scenario 05		Neo skills 1 – Babies <1.5kg tricks and tips for generalists	Scenario – Fixed wing double carry deterioration	Prehospital Skills – bariatric hoarder arrest	Extrication Skills – upside down car	Rotary sim – A human factors scenario	Paediatric skill – Ventilation tricks and tips
1350 - 1430	LUNCH							
1430 - 1500	Pilot Sim – Scenario 04	Trauma Care for Aviation Crews AKA What Medical Teams Actually Do	Neo skills 2- Packaging Babies for Generalists	Scenario – Fixed wing birth in flight	SAR rope skills – extrication with rope systems	Roadside trauma packaging	Rotary sim – the seizing patient	Paediatric Skills 2 Hamilton Hi Flow
1505 - 1535	Pilot Sim – Scenario 05		Neo skills 2- Packaging Babies for Generalists	Scenario – Fixed wing birth in flight	SAR rope skills – extrication with rope systems	Roadside trauma packaging	Rotary sim – the seizing patient	Paediatric Skills 2 Hamilton Hi Flow
1540 - 1610	RRAS/MedSTAR Adelaide Base Tour		Paeds Skills 1 – Packaging Children for Generalists	Obstetric skills – obstructed labor	SAR rope skills – extrication with rope systems	Roadside trauma packaging	Rotary sim – the seizing patient	Paediatric Skills 2 Hamilton Hi Flow
1615 - 1645			Paeds Skills 1 – Packaging Children for Generalists	Obstetric skills – obstructed labor	SAR rope skills – extrication with rope systems	Roadside trauma packaging	Rotary sim – the seizing patient	Paediatric Skills 2 Hamilton Hi Flow
